Duchinni™ Youth - Protection for the Next Generation

Built on a foundation of innovation, value, and real-world riding experience, Duchinni™ Youth is redefining protection for the next generation of riders.

Engineered with adjustable fit systems specifically designed to extend wear as young riders grow, the Duchinni™ Youth collection is carefully tailored to fit and move properly with younger bodies and delivers the same trusted standards of protection, performance, and comfort found in adult ranges. Each jacket, trouser, glove, and boot is crafted from durable, high-quality materials and incorporates certified protective components, breathable linings, and weather-resistant construction to ensure safety and comfort in all conditions.

Designed by passionate riders who understand the realities of everyday riding, the collection blends practical features with modern styling. Adjustable closures, stretch panels, and ergonomic shaping provide freedom of movement and room to grow, while maintaining the durability and protection riders need.

The result is a complete youth range that offers parents reassurance, young riders confidence, and exceptional quality at a competitive price.

A new generation of riders deserves gear built just for them - and that journey starts here.

The optimum balance of comfort and protection.

For 2026, the Duchinni Youth™ clothing range has been rigorously tested at certified external facilities, with the majority of products now accredited to meet or exceed current CE-approved safety standards. This commitment ensures that riders of all ages can enjoy high-quality, dependable gear that blends safety with comfort and style.

Achieving AA Class certification - one of the highest levels of rider apparel performance means Duchinni™ garments provide a superior balance of durability, impact resistance, and abrasion protection. Importantly, this advanced level of safety is achieved without unnecessary weight or compromising freedom of movement, allowing riders to stay in full control of their motorcycle while experiencing the thrill of the ride with total confidence.
